

How to Sing & Play the Exercises

Once all the written information is filled in there are a few ways to work with each exercise. It is very important to begin with singing. However, the following list of ways to sing is not in any special order and can be used as needed. Make sure to begin singing on the correct pitch.

Singing while looking at the musical example:

- 1) Sing the note names
- 2) Sing the finger numbers

Singing while looking at the chart:

- 1) Sing the note names
- 2) Sing the finger numbers

When you can sing the example you are ready to play it on your violin.

Playing while looking at the musical example:

- 1) Play while looking at each note head

Playing while looking at the chart:

- 1) Play while looking at each marked circle
